

MILLER ANALOGIES TEST (MAT)

The MAT is a high-level mental ability test requiring the solution of problems stated as analogies. Performance on the MAT is designed to reflect candidates' analytical thinking. You must ask the Graduate School you are applying to if they accept MAT scores. It is a computer based test (cbt).

Your personal Score Report will be mailed to you approximately 10–15 business days from the date that Pearson receives your test. You will receive an Unofficial Preliminary Score Report upon completion of the test. The scores displayed on this report are still pending verification by Pearson and therefore the Preliminary Score Report is not official and cannot be presented to schools as a substitute for an Official Transcript.

All Official Transcripts will be sent directly from Pearson to each recipient school requested. It is your responsibility to make sure that the recipient schools have received your Official Transcripts.

The MAT is administered by appointment **only**. Please call the UNM Testing Center to schedule your appointment at 505-277-5346. Testing will take approximately 1 hour and 30 minutes.

You must have a valid current government issued photo ID to test.

Cost is \$75 and must be paid before the day of the test. Visit our website (test.unm.edu) and visit the payment tab for details. Testing fees are ***non-refundable***.

For information on practice exams or extra score reports you may visit <http://MillerAnalogies.com> or call 1-800-622-3231.

SCORES ARE NOT AVAILABLE AT UNM TESTING CENTER
